Allmet Roofing Products
A division of Metals USA Building Products Canada Inc.
P.O box 220, R.R. #2
Courtland, Ontario, Canada NOJ 1EO

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed and accepted by Miami-Dade County RER - Product Control Section to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Section (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. RER reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Section that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the Florida Building Code including the High Velocity Hurricane Zone of the Florida Building Code.

DESCRIPTION: Allmet "Granite Ridge" Metal Shingle

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This revises NOA No. 10-0727.04 and it consists of pages 1 through 5.
The submitted documentation was reviewed by Alex Tigera.

NOA No.: 14-1008.03
Expiration Date: 06/09/21
Approval Date: 06/09/16

APPROVED ASSEMBLIES:

System A:	Allmet 'Granite Ridge' Steel Shingle
Deck Type 1:	Wood, Non-insulated
Deck Description:	New Construction $1\frac{9}{32}$ " or greater plywood or wood plank, or for Re-roofing $1\frac{5}{32}$ " or greater plywood or wood plank.
Slope Range:	4:12 or greater
Maximum Uplift Pressure:	-110 psf
Deck Attachment:	In accordance with applicable Building Code, but in no case shall it be less than 0.113" x 2 $\frac{3}{8}$ " ring shank nails spaced 6" o.c at the supports. In reroofing, where the deck is less than $1\frac{9}{32}$ " thick, (minimum $1\frac{5}{32}$ "), the above attachment method must be in addition to existing attachment.
Underlayment:	Minimum underlayment shall be an ASTM D 226 Type II installed with a minimum 4" side-lap and 6" end-laps. Underlayment shall be fastened with corrosion resistant tin-caps and 12 gauge 1 $\frac{1}{4}$ " annular ring-shank nails, spaced 6" o.c. at all laps and two staggered rows 12" o.c. in the field of the roll or any approved underlayment having a current NOA.
Fire Barrier Board:	Any approved fire barrier having a current NOA. Refer to a current fire directory listing for fire ratings of this roofing system assembly as well as the location of the fire barrier within the assembly. See General Limitation #1.
Valleys:	Valley construction shall be in compliance with Roofing Application Standard RAS 133 and with the current installation instructions and details published by Allmet Roofing Products.
Metal Panels and Accessories:	<p>Install the "Allmet 'Granite Ridge' Steel Shingle" and accessories in compliance with the current installation instructions and details published by Allmet Roofing Products. Flashings, penetrations, valley construction and other details shall be constructed in compliance with the minimum requirements provided in Roofing Application Standard RAS 133.</p> <p>Panels shall be fastened with corrosion resistant #9 x 1 $\frac{1}{2}$" HWH wood screws of sufficient length to penetrate through the sheathing a minimum of $\frac{3}{16}$". Fasteners shall be spaced at 6" o.c. along each course at the back flange and with the lock secure at the front interlock, for a minimum of seven (7) screws for each full panel length. Install panels with a 9" stagger at the side lap. (See detail drawings herein)</p>

GENERAL LIMITATIONS:

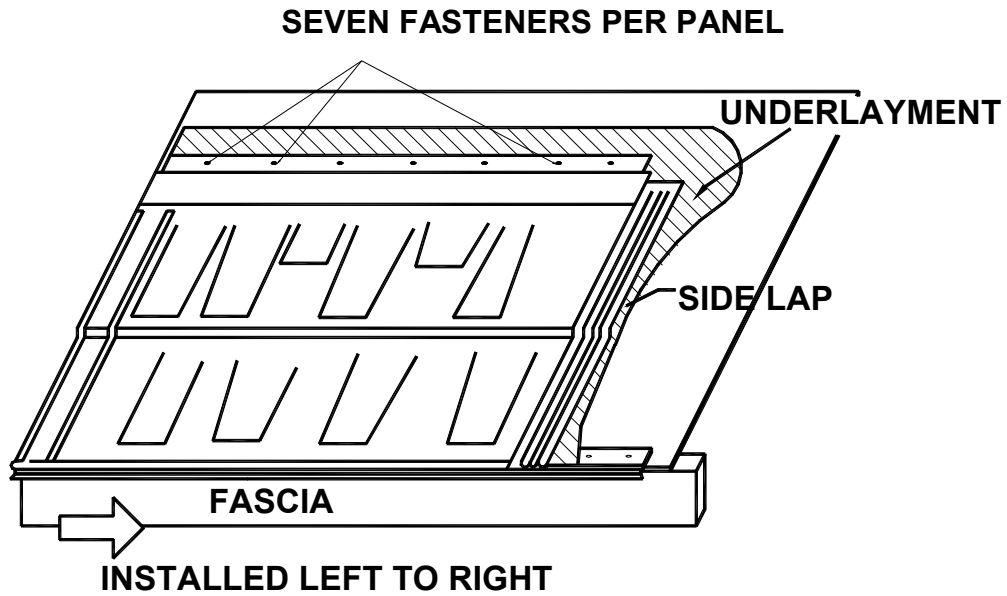

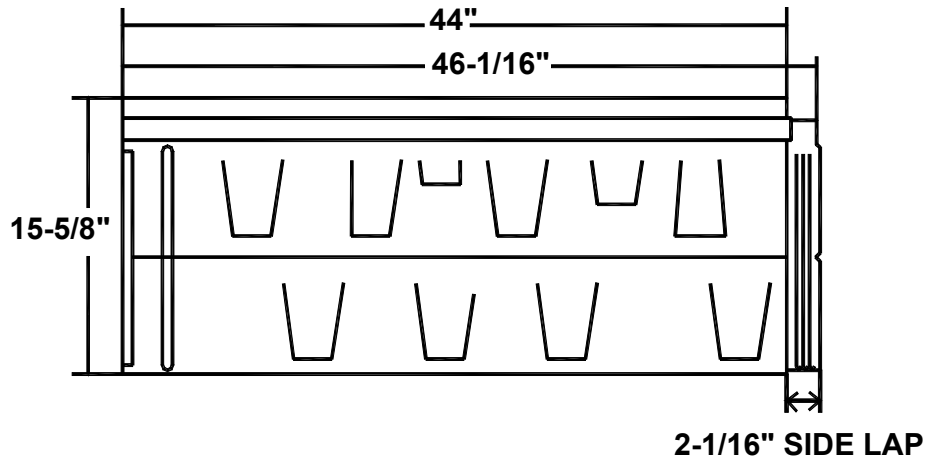

1. Fire classification is not part of this acceptance; refer to a current Approved Roofing Materials Directory for fire ratings of this product.
2. The maximum designed pressure listed herein shall be applicable to all roof pressure zones (i.e. field, perimeters, and corners). Neither rational analysis, nor extrapolation shall be permitted for enhanced fastening at enhanced pressure zones (i.e. perimeters, extended corners and corners).
3. All panels shall be permanently labeled with the manufacturer's name and/or logo, city and state of manufacturing facility, and the following statement: "Miami-Dade County Product Control Approved" **or** with the Miami-Dade County Product Control Seal as seen below. All clips (if applicable) shall be permanently labeled with the manufacturer's name and/or logo, and/or model.

4. All products listed herein shall have a quality assurance audit in accordance with the Florida Building Code and Rule 61G20-3 of the Florida Administrative Code.
5. Any modifications to this Notice of Acceptance shall void such approval.
